George:

So the HECA project is not deemed Class VI under the EPA jurisdiction?

Hi Shirley and Don,

No, I am not aware of a distribution list (or advance notification of a Public Comment period?) for UIC permitting.

Please call Jerry Salera who is the UIC Program Manager for the Ca. DOGGR at (916) 323-1781.

=====

Hi Don,

Yes, you are correct. SJVAPCD has a SIP-approved PSD program. HECA is in its public comment period. As an FYI, here is SJVAPCD's notice –

http://www.valleyair.org/notices/public_notices_idx.htm#Permitting and Emission Reduction Credit Certificate Notices

- and here is their recent extension through April 17

[http://www.energy.ca.gov/sitingcases/hydrogen_energy/documents/others/2013-02-19 San Joaquin Valley Air Pollution Control District Letter to CEC re Notice of Public Hearing 69622.pdf](http://www.energy.ca.gov/sitingcases/hydrogen_energy/documents/others/2013-02-19_San_Joaquin_Valley_Air_Pollution_Control_District_Letter_to_CEC_re_Notice_of_Public_Hearing_69622.pdf)

You can follow-up with SJVAPCD to be on their distribution list(s). Here is their e/m distribution list info –

<http://www.valleyair.org/lists/list.htm>

EPA MAILING LIST: Please confirm o.k. to remove you from the distribution lists we have you listed.

UIC PERMITS - For the UIC permits, I do not know if there is a similar distribution list. I have copied George Robin of our Region – robin.george@epa.gov; 415-972-3532 – who is involved with UIC-related topics.

Subject: HECA Project

Shirley:

As I understand it, SJV APCD now has the authority to issue the PSD for the HECA project. Is that correct?

Is there a similar distribution list for UIC permits within Region 9?
